| <p>You speak slowly even when other people are trying to hurry you... (go forward 10 spaces)</p>  | <p>You remember to practice "easy" speech without anyone reminding you... (go forward 5 spaces)</p>  | <p>You let your mother order for you when you go to McDonald's... (go back 4 spaces)</p>     | <p>You stay "cool," even when everyone else is hyper... (go forward 4 spaces)</p>                                                                                           | <p>You think that being afraid of teachers makes you stutter... (go back 4 spaces)</p>                                                                                           | <p>You say what you think, even if it is different from what other people think... (go forward 6 spaces)</p>  |
| <p>You talk really fast because you think everyone is in a hurry... (go back 4 spaces)</p>        | <p>You believe that words starting with "p" make you stutter... (go back 5 spaces)</p>               | <p>You know that you are not the only one in the world who stutters... (go forward 5 spaces)</p>                                                                                | <p>You know that problems are just chances to learn... (go forward 5 spaces)</p>                                                                                            | <p>You think your stuttering will go away by itself, without your practicing "easy" speech... (go back 7 spaces)</p>                                                             | <p>You use "easy" speech when talking to your teacher... (go forward 3 spaces)</p>                                                                                                             |
| <p>You try out for the class play, even though you stutter... (go forward 5 spaces)</p>           | <p>You like to be the "Boss of Your Mouth" ... (go forward 3 spaces)</p>                                                                                                                | <p>You never slap your hand or stomp your foot to start a word... (go forward 2 spaces)</p>                                                                                     | <p>You never tell anyone when you're mad... (go back 3 spaces)</p>                                                                                                          | <p>You are IN CONTROL!</p>                                                                      | <p>You worry all the time about what people think about your speech... (go back 4 spaces)</p>                                                                                                  |
| <p>You congratulate yourself when you've done a good job... (go forward 4 spaces)</p>                                                                                                | <p>There's nobody else like you in the world, and you know it!... (go forward 7 spaces)</p>                                                                                             | <p>You practice "easy" speech just to please your speech teacher... (go back 5 spaces)</p>  | <p>You know that it doesn't take a lot of energy to talk... (go forward 3 spaces)</p>  | <p>You like to think of new ways to use "easy" speech... (go forward 3 spaces)</p>                                                                                               | <p>You tell people that it makes you mad when they tease you... (go forward 4 spaces)</p>                                                                                                      |
| <p>You let other people talk for you... (go back to START and miss 2 turns)</p>                                                                                                      | <p>You mind your own business and let other people do the same... (go forward 2 spaces)</p>                                                                                             | <p>You raise your hand in class to answer questions... (go forward 4 spaces)</p>                                                                                                | <p>You wait for a grown-up to remind you before you practice "easy" speech... (go back 3 spaces)</p>                                                                        | <p>You think that you can't make good grades, because you stutter... (go back 10 spaces)</p>  | <p>You don't mind making mistakes, because you know you learn from them... (go forward 2 spaces)</p>        |
| <p>You are afraid to say what you think... (don't take another turn until you've expressed an opinion)</p>                                                                           | <p>You did a class report on stuttering... (go forward 6 spaces)</p>                               | <p>You know a good joke, but you're afraid to tell it...</p>                                                                                                                    | <p>You think that there's nothing you can do to make your speech smoother... (go back 3 spaces)</p>                                                                         | <p>You think that you can do to make your speech smoother... (go back 3 spaces)</p>                                                                                              | <p>You order for yourself at McDonald's... (go forward 3 spaces)</p>                                                                                                                           |
